

Two local students earn new scholarship

Two local students – Scott Reeves of Monticello High and Kimber Mitchell of San Juan High – will receive \$2,000 scholarships from the EnergySolutions Foundation Scholarship program.

In the initial year of the program, the Foundation received an impressive 1,032 scholarship applications from 118 high schools across Utah.

Students received a \$2,000 scholarship to students interested in earning a bachelor's degree in math, science, or engineering. The scholarship was open to one tenth grade students from all of Utah's 207 high schools.

The scholarship recipients will be honored at a banquet in Salt Lake City. The keynote speaker for the banquet is Michael Benson, President of Southern Utah University.
